

26 March 2021

Focus of the Day

AAC Technologies		2018 HK
Earnings and margins show signs of stabilization;		Rating: Buy
maintain Buy		
CP: HK\$ 39.65	TP: HK\$ 47.00↓	Upside: +18.5%
Chris Yim christopher.yim@bocomgro		oup.com

Limited revenue recovery but GPM somewhat improved. AAC's 4Q20 revenue declined 10% YoY (+6% QoQ), mostly due to weaknesses in acoustics and ED/PM divisions. However, GPM showed signs of recovery (+4.5ppts QoQ). The company attributed this to (1) PM (casings) GPM recovery from higher utilization, and (2) better efficiency and cost control in acoustics.

Looking for sustainable margin recovery; cost control to help drive earnings. We expect (1) higher utilization of casings capacity (expanding into notebooks/tablets) and (2) standardized small cavity speakers, which help lower costs by cutting the number of SKUs, to lead to an overall mild GPM improvement in 2021E.

Lower estimates/TP; maintain Buy. AAC is showing signs of earnings and margin stabilization in 4Q20, with a positive margin outlook across most of its business lines. Revenue growth should remain soft due to a lack of product mix upgrade. We expect earnings growth to return in 2021 off a low base. We cut TP from HK\$61 to HK\$47, based on 20x average 2021-22E EPS.

China Life Insurance		2628 HK
Downgrade to Neutral	on fluctuant agent team,	Rating: Neutral ↓
likely slower-than-peer growth		
CP: HK\$ 16.06	TP: HK\$ 19.00↓	Upside: +18.3%
Li Wan, CFA, FRM	wanli@bocomgroup.com	

China Life's attributable net profit fell 13.8% YoY in 2020, 2ppts better than our estimate. Investment income grew fast. NBV was slightly down 0.6% YoY, largely in line with our expectation. As China Life made early preparations for jump-start sale, its NBV outperformed peers', achieving good balance between scale and value. Business structure kept improving.

Its number of agents dropped substantially in 4Q20. Number of agents was fluctuant during 2018-20.

We expect its NBV growth to be $^{\sim}6\%$ in 2021E, which trails peers' due to high base. Based on 0.37x 21E P/EV, we cut our TP from HK\$23.00 to HK\$19.00. Downgrade from Buy to **Neutral**.

Hao Hong, CFA

Head of Research

hao.hong@bocomgroup.com

New China Life		1336 HK
Earnings beat, NBV in line		Rating: Neutral
CP: HK\$ 28.85	TP: HK\$ 34.00↓	Upside: +17.9%
Li Wan, CFA, FRM	wanli@bocomgroup.com	

NCI's attributable net profit edged down 1.8% YoY in 2020, which beat our estimate and consensus, with robust investment income growth.

NBV was down 6% YoY, in line with our estimate, but outperformed peers due to its early preparation of jump-start sale. Premium growth surpassed peers', with big contribution from single premiums through bancassurance channel. NCI expects slight agent growth in 2021 following rapid expansion, focusing on agent efficiency enhancement.

We believe NCI's premium structure can be further optimized as business growth has been reliant on agent expansion. We expect NBV to grow ~9% YoY in 2021E from a high base. Based on 0.33x 2021E P/EV, we trim TP from HK\$36.00 to HK\$34.00. Maintain **Neutral**.

R&F Properties			2777 HK
Significant delevera earnings miss	ging progress	despite	
Philip Tse. CFA. FRM	philip.tse@bocor	ngroup.co	m

FY20 results missed. R&F's FY20 revenue dropped 5.4% YoY to RMB85.9bn. Blended GPM dropped 9.1ppts to 23.7%. As a result, net profit/estimated core profit fell 6.9%/36.2% YoY to RMB9bn/5.3bn. R&F proposed a final DPS of RMB0.62, with full year DPS at RMB1, below FY19's by 22%.

Margin expected to rebound to 30% in FY21. With RMB100bn locked-in sales at ASP ~25% higher than FY20 booking ASP, and YTD-2021 contracted sales GPM at 30-35%, management expects FY21 GPM to rebound to 30%.

Deleveraging in progress with mitigated liquidity needs. R&F has reduced total debt by RMB37.4bn and lowered its net debt to total equity ratio by 69ppts to 130.2%. Management indicated that R&F can fulfill at least 1-2 red-line requirements by end-FY21 and all three by 2022.

FY21 sales target at RMB150bn is backed by RMB300bn planned saleable resources.

Deleveraging to pave way for turnaround. We do not view the FY20 miss as overly surprising with dividend cut as the only disappointment. We maintain **Buy** rating and TP of HK\$13.38. We expect the counter to re-rate over the next 6 months upon the announcement of hotel disposal and further improvement in sales progress.

CIFI Holdings
FY20 results slightly missed on margin; maintain
Neutral

Philip Tse, CFA, FRM philip.tse@bocomgroup.com

FY20 results slightly missed on margin. Revenue increased 27.2% YoY to RMB71.8bn, largely in line with expectation. However, GPM came to only 21.7%, 3.3ppts lower than Street estimate of 25.0%. Estimated core profit was up 16.3% YoY to RMB8.03bn, 2% lower than consensus. The company proposed a final DPS of HK 29 cents which brought full year DPS to HK 40 cents, representing 5.6% dividend yield.

Remains "yellow class" developer. As of end-2020, CIFI's net debt to total equity ratio was 64.0% (Dec-2019: 65.6%) with cash to short-term debt ratio dropping slightly to 2.7x (Dec-2019: 2.8x). Excluding pre-sale contract liabilities, asset-liability ratio slightly improved to 72.5% from 74.8% as of end-2019.

Landbank reached 56.6m sqm. CIFI acquired 13.07m sqm of new landbank in FY20 which added saleable resources of about RMB220bn.

15% sales growth target for FY21. CIFI has prepared ~RMB400bn saleable resources for FY21, of which 86% is located in tier-1/2 cities. CIFI targets RMB265bn contracted sales in FY21, representing a sell-through of ~66%.

We maintain Neutral rating and TP of HK\$6.40. We expect limited share price upside given its estimated trading discount at only ~33% vs. peer average ~47%.

Kerry Logistics Network Results beat, but cost pressure weighs on FY21E		636 HK
margin		
Maggie Wang	maggie.q.wang@bocomgroup.com	

Driven by the accelerated revenue growth for international freight forwarding (IFF), total revenue of KLN jumped 29.7% YoY to HK\$53.4bn in 2020. Reported core net profit rose 33.1% YoY to HK\$1.8bn, above consensus and our estimate by 4.5% and 9.4%, respectively. Management proposed a final DPS of HK\$0.238, marking full-year payout ratio of 34%. Gross margin slid 1.6ppts YoY to 11.6% in 2020, as a result of surging freight and transportation costs (+42.4% YoY).

Management stated S.F. will give KLN a larger exposure to clients in mainland China. Combined with KLN's extensive overseas network, the company would achieve higher forwarding volume in the long term.

We see a promising LT outlook for KLN once the S.F. deal is completed. With no signs of easing in global supply chain tension, elevated transportation costs will continue to squeeze margins in 2021, despite robust IFF demand, in our view. We expect IL business to remain modest in 2021. We maintain **Neutral** call and TP of HK\$26.00, based on 24.5x 2021E recurrent P/E. Our forecasts are under review.

Property Sector Weekly

As of 25 March 2021

Philip Tse, CFA, FRM philip.tse@bocomgroup.com

Hong Kong property: Transaction volume in the primary market plummeted 81.1% WoW to 51 units during the past weekend, due to the lack of large-scale new launches. Secondary market transactions also weakened WoW, with home sales at 50 estates down 17.9% WoW to 202 units. The vacancy rate of street-level shops in four core districts improved to 11.5% in 1Q21 from 12.5% in 3Q20.

China property: Country Garden Services (CGS) agreed to acquire 126.7m shares of Justbon at RMB42.6/share, for a total consideration of RMB5.4bn. Times China's FY20 contracted sales broke above RMB100bn for the first time. 10-city MTD transaction volume surged 136.7% YoY, with new supply up 132.4% YoY.

Investment implications: For HK, with the rollout of vaccines and contained infections, we expect developers to resume new launches in coming months, fueling transaction and price rebounds. We still prefer developers with ample residential pipelines, including SHKP (16 HK/Buy) and New World (17 HK/Buy).

For China, from the ongoing results season, we noted sector-wide margin squeeze given COVID-19 impact, liquidity tightening and strict ASP cap in 2020. With sales improving, we expect eased deleveraging pressure to trigger sector re-rating through a better earnings outlook. Our top Buy is R&F (2777 HK).

Consumer Sector Weekly

Rating: Outperform As of 25 March 2021 Edward Lui edward.lui@bocomgroup.com

Garment supply chain: Better Cotton Initiative decided to suspend the licensing of BCI cotton from China's Xinjiang region on alleged use of forced labor. China consumers have started a boycott on H&M/Nike/Adidas and other global brands due to their decisions to ban Xinjiang cotton. Anta announced to quit BCI and. Li Ning said it will add "Xinjiang cotton" on its labels.

Sportswear: Anta's (2020 HK/Buy) FY20 net profit fell 3.4% YoY to RMB5.2bn. 2H2O sales recovered strongly for FILA/other brands, but were dragged by Anta brand. We raised TP to HK\$139.

Li Ning's (2331 HK/Buy) FY20 adjusted net profit jumped 34% YoY to RMB1.7bn; sales grew 4% YoY. NPM rose 263bps YoY to 11.7%. We raised TP to HK\$57.

Pou Sheng's (3813 HK/Buy) FY20 net profit dipped 64% as 4Q20 missed. We nudged up TP to HK\$2.90.

Restaurants: *Jiumaojiu's* (9922 HK/**Buy**) FY20 results beat on a strong 2H recovery. FY20 sales/adjusted net profit were up 1%/down 46% YoY.

Morning Express

Haidilao's (6862 HK/NR) FY20 sales/net profit were up 7.8%/down 86.8% YoY. Its restaurant network grew from 768 to 1,298.

Investment implications: The latest boycott of global brands could have serious financial repercussions, especially because China is a significant high-growth market for them. This bodes ill for Shenzhou (2313 HK/Neutral), Topsports (6110 HK/Buy) and Pou Sheng.

The information contained in this report is prepared from data and sources believed to be correct and reliable at the time of issue of this report. This report does not purport to contain all the information that a prospective investor may require and may be subject to late delivery, interruption and interception. BOCOM International Securities Ltd does not make any guarantee, representation or warranty, express or implied, as to the adequacy, accuracy, completeness, reliability or fairness of any such information and opinion contained in this report and accordingly, neither BOCOM International Securities Ltd nor any of its affiliates nor its related persons shall be liable in any manner whatsoever for any consequences (including but not limited to any direct, indirect or consequential losses, loss of profits and damages) of any reliance thereon or usage thereof.

This report is general in nature and has been prepared for information purposes only. It is intended for circulation amongst BOCOM International Securities Ltd's clients generally and does not have regard to the specific investment objectives, financial situation and the particular needs of any specific person who may receive this report. The information and opinions in this report are not and should not be construed or considered as an offer, recommendation or solicitation to buy or sell the subject securities, related investments or other financial instruments thereof.

The views, recommendations, advice and opinions in this report may not necessarily reflect those of BOCOM International Securities Ltd or any of its affiliates, and are subject to change without notice. BOCOM International Securities Ltd has no obligation to update its opinion or the information in this report.

Investors are advised to make their own independent evaluation of the information contained in this research report, consider their own individual investment objectives, financial situation and particular needs and consult their own professional and financial advisers as to the legal, business, financial, tax and other aspects before participating in any transaction in respect of the securities of company(ies) covered in this report. The securities of such company(ies) may not be eligible for sale in all jurisdictions or to all categories of investors.

This report is not directed to, or intended for distribution to or use by, any person or entity who is a citizen or resident of or located in any locality, state, country or other jurisdiction where such distribution, publication, availability or use would be contrary to any law, regulation, rule or other registration or licensing requirement.

BOCOM International Securities Ltd is a subsidiary of Bank of Communications Co Ltd.
